Mogi das Cruzes, 14 de setembro de 2022.

**Senhor Presidente,
Senhores Vereadores,**

Tenho a honra de submeter ao elevado e criterioso exame de Vossas Excelências e à soberana deliberação do Plenário dessa Egrégia Casa Legislativa, o anexo projeto de lei complementar que autoriza o Poder Executivo a conceder remissão do Imposto sobre a Propriedade Predial e Territorial Urbana - IPTU complementar do exercício de 2018, considerados como de diminuta importância do crédito tributário.

2. A iniciativa da proposição advém de solicitação da Secretaria de Finanças, por meio do Ofício nº 042/2021 - DRI/SMF, protocolizado sob o nº 24.210/2021 e, como esclarece sua ementa, autoriza o Poder Executivo a conceder remissão do Imposto sobre a Propriedade Predial e Territorial Urbana - IPTU decorrentes de lançamentos complementares do exercício de 2018, realizados em virtude da apuração de ofício, por meio do recadastramento aerofotogramétrico realizado pela Empresa Geodados em 2016, relativos a divergências entre a área construída declarada e a efetivamente existente em imóveis localizados neste Município.

3. De acordo com o projeto, o benefício será concedido ao imóvel cujo valor a recolher a título de IPTU complementar do exercício de 2018 seja igual ou inferior ao valor equivalente a 6 UFMs (seis Unidades Fiscais do Município de Mogi das Cruzes), tendo por fundamento a diminuta importância do crédito tributário, conforme o disposto no artigo 172, III, da Lei Federal nº 5.172, de 25 de outubro de 1966 (Código Tributário Nacional).

4. Outrossim, a remissão não implica na restituição de quaisquer valores que tenham sido pagos regularmente até a vigência da lei complementar objetivada.

5. Por outro lado, os créditos com valor superior ao previsto na proposta de lei complementar serão inscritos em dívida ativa e promovida sua cobrança judicial, se for o caso.

6. Acompanha a presente Mensagem, anexo por cópia, o Processo Administrativo nº 24.210/2021, contendo a exposição de motivos da Secretaria de Finanças, as demais manifestações dos órgãos competentes da Municipalidade e outros dados informativos a respeito do assunto em apreço.

7. Considerando o exposto, acredito contar com o indispensável apoio dos nobres Vereadores para a aprovação desta matéria, de natureza urgente, nos termos do disposto pelo artigo 81 da Lei Orgânica, por entender ser de grande relevância e de interesse para o Município de Mogi das Cruzes.

Ao Senhor Diretor do Departamento de Recursos de Tecnologia da Informação

Assunto: Relatório do IPTU complementar de 2018

Solicitamos, por meio do presente, a competente providência de Vossa Senhoria no sentido de elaborar relatório contendo o total a ser lançado a título de Imposto sobre a Propriedade Predial e Territorial Urbana – IPTU complementar do exercício de 2018.

Tal solicitação é necessária uma vez que o relatório irá compor um estudo acerca do lançamento complementar do IPTU/2018, motivado pelos efeitos produzidos no recadastramento aerofotogramétrico realizado pela empresa Geodados em 2016.

O recadastramento gerou um lançamento complementar de IPTU para 2017, o qual foi remetido pelo art. 17 da Lei nº 7.330, de 27 de dezembro de 2017. Já no exercício seguinte, com a vigência da nova Planta Genérica de Valores, foi cancelado o lançamento original, com limitador de 60%, e gerado novo lançamento com limitador de 10%, conforme Lei Complementar nº 140, de 09 de fevereiro de 2018, e sem a base atualizada, ou seja, sem as diferenças de área construída apuradas no recadastramento.

Segue anexo ao presente ofício a memória de cálculo a ser seguida, conforme entendimento mantido pelo corpo fiscal desta Secretaria.

Certos da costumeira colaboração, agradecemos antecipadamente.

Atenciosamente,

Oto Viana Neto
Diretor do Depto. de Rendas Imobiliárias

Aditivo ao Ofício nº 042/2021 – DRI/SMFAssunto: Critérios para cálculo do IPTU complementar de 2018

Com o intuito de subsidiar o estudo sobre o lançamento do IPTU complementar de 2018, conforme apontado na inicial do presente protocolado, definimos os critérios a serem utilizados no referido cálculo:

- A) Deverá ser considerada a situação da base cadastral de 31/12/2018, uma vez que no decorrer do citado exercício foram realizadas muitas revisões de lançamento;
- B) Dessa base cadastral, deverão ser selecionados os cadastros fiscais imobiliários com o campo “33” nas situações “66” e “67”, que identificam os imóveis alterados pelo recadastramento;
- C) O cálculo do complementar deverá ser realizado do seguinte modo:

$$V_correto - V_lançado = V_complementar$$

Sendo:

V_correto: o valor que o contribuinte deveria ter pago em 2018, que seria a sua situação cadastral atualizada em 2017 (base Geodados) + limitador de 10 % previsto na Lei Complementar nº 140/2018.

V_lançado: o valor efetivamente lançado em 2018, na subdivida 01, ou no saldo vigente.

V_complementar: a diferença entre V_correto e V_lançado a pagar.

AO DRTI,

Retornamos o presente informando que após simulações na área de teste do Sistema 2000 (Cobolware), verificamos que o cálculo do IPTU complementar de 2018 para os cadastros fiscais imobiliários identificados com a codificação "66", terrenos que passaram a ter lançamento predial, se encontram corretos, ressalvados os arredondamentos de cálculo.

Contudo, para os cadastros com identificação "67", aumento de área construída já existente, os cálculos são passíveis de revisão e nova avaliação, pois não são os resultados esperados, conforme explicado na inicial.

Segue planilha (fls.07) com a amostragem e os resultados da simulação.

Nota: necessário retificar a numeração de folhas deste expediente.

DEPTO RENDAS IMOBILIÁRIAS

Ao Sr. Secretário de Finanças,

Após o retorno do DRTI com o relatório geral sobre o IPTU complementar de 2018 e a liberação da área de teste, temos a informar que os resultados da simulação por amostragem (fls.10 a 12) se mostraram condizentes com o esperado.

Dessa forma, o resultado que se apresenta corresponde ao montante de **R\$ 28.103.940,74** (*vinte e oito milhões, cento e três mil e novecentos e quarenta reais e setenta e quatro centavos*) para um total de 34.307 cadastros fiscais, relativo ao valor total do lançamento complementar que deveria ter sido realizado à época (fls.09).

Considerando-se as atualizações monetárias do IPTU de 2019 a 2021, temos a atualização acumulada de 11,42% que, aplicada a esse montante, resulta no valor de **R\$ 31.313.410,77** (*trinta e um milhões, trezentos e treze mil e quatrocentos e dez reais e setenta e sete centavos*).

Em observância ao que disciplina a Lei Complementar Federal nº 101, de 4 de maio de 2000, em especial os artigos 12 e 14, remetamos os autos a Vossa Senhoria para conhecimento e deliberação perante o Chefe do Executivo na tomada de decisão quanto a esse passivo tributário, observando-se o prazo decadencial para a constituição do crédito tributário previsto no artigo 173, do Código Tributário Nacional.

DEPARTAMENTO DE RENDAS IMOBILIÁRIAS

Ao Gabinete do Sr. Prefeito,

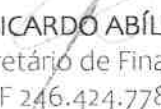

A peça inicial, elaborada pelo Departamento de Rendias Imobiliárias desta Pasta, trata da comunicação da necessidade do lançamento complementar do Imposto Sobre a Propriedade Predial e Territorial Urbana (IPTU) do exercício de 2018, em virtude do levantamento aerofotogramétrico de 2016, que identificou as diferenças de área construída dos imóveis no perímetro urbano do Município.

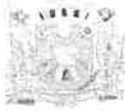

Diante dos fatos ocorridos na gestão anterior, em especial as alterações promovidas na legislação tributária, a exemplo das Leis Complementares nº 133/2017 e nº 140/2018, que tratam da Planta Genérica de Valores, a vigência tributária do recadastramento dos imóveis não chegou a ser efetivada no exercício em comento.

Por essa razão, em consonância ao que dispõe o artigo 14 da Lei de Responsabilidade Fiscal e o prazo decadencial previsto no artigo 173 do Código Tributário Nacional (CTN), tal questão merece o acolhimento e competente análise para a tomada de decisão do Senhor Prefeito.

Considerando os advenços dos últimos anos, com as alterações legislativas que trouxeram insegurança aos contribuintes e a instabilidade econômica ocasionada pela pandemia da COVID-19, com suas restrições sanitárias que afetaram toda a sociedade, encaminhamos o presente **sugerindo a adoção do instituto da remissão** para a extinção desse passivo tributário, nos termos do artigo 156, inciso IV, do CTN.

PARECER JURÍDICO OPINATIVO

EMENTA: IPTU – Remissão – Lançamento complementar – Exercício 2018 – Parecer pela possibilidade jurídica, com restrição

Interessado: Departamento de Rendas Imobiliárias

1. Trata-se de procedimento de interesse do Departamento de Rendas Imobiliárias, comunicando a necessidade do lançamento complementar do IPTU do exercício de 2.018, em virtude do levantamento aerofotogramétrico de 2016, que identificou as diferenças de área construída dos imóveis no perímetro urbano do Município.
2. Verificou-se a necessidade de lançamento complementar do imposto destacado, pois ao se realizar um novo procedimento de lançamento, tendo em vista as legislações em vigor, promoveu-se tal trâmite sem a efetivação da base atualizada, isto é, sem as diferenças de área construída apuradas no recadastramento, o que gerou um crédito supletivo de R\$ 31.313.410,77 (trinta e um milhões, trezentos e treze mil e quatrocentos e dez reais e setenta e sete centavos), conforme apontado à fl. 13, dos autos.
3. Ao se remeter o processo administrativo ao exame da Secretaria de Finanças, sugeriu a Pasta a adoção do instituto da remissão para a extinção desse passivo tributário, no que houve a concordância do Sr. Prefeito, motivando o envio destes autos a esta Procuradoria para a análise da viabilidade jurídica de tal medida.

4. É o relato do quanto necessário.

5. Inicialmente salienta-se que a presente manifestação toma por base, exclusivamente, os elementos constantes nos autos até a presente data e que, em face do que dispõe o art. 131, da Constituição Federal de 1988, simetricamente aplicado no âmbito municipal, incumbe ao infra-assinado prestar consultoria sob o prisma estritamente jurídico, sem adentrar, portanto, na análise da **conveniência e oportunidade** dos atos praticados pela Administração Municipal.

6. Assim, a presente manifestação jurídica cinge-se a assistir a autoridade assessorada no controle interno da legalidade administrativa dos atos a serem praticados ou já efetivados. A função é justamente apontar possíveis riscos do ponto de vista jurídico e recomendar providências, para salvaguardar a autoridade assessorada, a quem compete avaliar a real dimensão do risco e a necessidade de se adotar ou não a precaução recomendada.

7. Finalmente, é dever salientar que as observações são feitas sem caráter vinculativo, mas em prol da segurança da própria autoridade assessorada a quem incumbe, dentro da margem de discricionariedade que lhe é conferida pela lei, avaliar e acatar, ou não, tais ponderações. Não obstante, as questões relacionadas à juridicidade serão apontadas para fins de sua correção. O prosseguimento do feito sem a observância destes apontamentos será de responsabilidade exclusiva da Administração.

8. Avalizadas tais premissas, a fim de abalizar futura decisão da autoridade competente, apresenta-se determinadas considerações de cunho técnico-jurídico a serem relevadas para tal desiderato.

9. Com efeito, é inegável que o Município detém competência para legislar acerca da remissão do Imposto sobre a Propriedade Predial e

Territorial Urbana, como se verifica no art. 30, inciso III, da Constituição Federal¹. Além de tal competência, o art. 150, § 6º, da Constituição Federal prescreve que qualquer isenção relativa a *“impostos, taxas ou contribuições, só poderá ser concedido mediante lei específica [...] municipal, que regule exclusivamente as matérias acima enumeradas ou o correspondente tributo ou contribuição [...]”*. No entanto, tal permissão normativa não resulta em ampla e irrestrita liberdade para legislar, havendo limites exegéticos impostos, principalmente, pelo Código Tributário Nacional em tal temática.

10. Primeiramente, anote-se a necessidade de que a pretensão dos autos deve ter absoluta subsunção às hipóteses normativas existentes. Isto porque, entende-se que o rol previsto no art. 172, do CTN é **taxativo**, encerrando elenco *numerus clausus*.

Neste sentido, o Professor Eurípedes Gomes Faim Filho leciona que *“a regra é que todos contribuam, no limite de suas posses, para a manutenção do Estado, sendo a remissão uma exceção e como tal não pode ser interpretada extensivamente.*

Assim é que ensina França dizendo que ‘todas as leis excepcionais ou especiais devem ser interpretadas restritivamente’.

Mais especificamente no campo tributário NOGUEIRA ensina que ‘devemos ter em mente que o Direito Tributário tem por finalidade disciplinar a tributação com o escopo de obter receitas para o Estado... ‘ (grifo nosso), portanto qualquer coisa que vá contra esta finalidade é excepcional e como exceção deve ser encarada.

Finalizando a questão diz ainda Nogueira: ‘A interpretação por analogia ou qualquer processo de preenchimento de lacuna da lei para

¹ Art. 30. Compete aos Municípios: [...]

III - instituir e arrecadar os tributos de sua competência, bem como aplicar suas rendas, sem prejuízo da obrigatoriedade de prestar contas e publicar balancetes nos prazos fixados em lei;

 <p style="text-align: center;">PREFEITURA DE MOGI DAS CRUZES</p>	Procuradoria de Assuntos Fiscais e Tributários Av. Vereador Narciso Yague Guimarães, 277, 1º andar CEP 08780-900 • Mogi das Cruzes - SP - Brasil

cobrar tributo ou impor pena tributária, para modificar, dispensar, ou extinguir o tributo, quer-nos parecer impossível, ilegítima, face à Constituição, pois a obrigação tributária é uma 'obligatio ex lege'" (FILHO, Eurípedes Gomes Faim. A Remissão no Direito Tributário Brasileiro. Revista da Faculdade de Direito da UFRGS, v. 12, 1996, p. 112/113, g.n.).

11. Desta forma, tirante as expressas e restritas previsões arroladas nos incisos do art. 172 do Código Tributário Nacional, não é possível a instituição de remissão.

Este também é o entendimento do inolvidável Ricardo Alexandre ao lecionar:

"O transcrito art. 172 enumera os aspectos que podem justificar a edição de lei que autorize a concessão de remissão. Trata-se de norma destinada ao legislador e não ao aplicador da legislação tributária" (ALEXANDRE, Ricardo. Direito Tributário. 15ª ed.. Salvador: Ed. JusPodivm, 2021, p. 577).

12. Partindo-se dessa premissa, analisando-se os elementos contidos no presente processo, bem como o rol taxativo do art. 172, do CTN, vislumbra-se, perfunctoriamente, frise-se, a possibilidade de instituir a remissão tendo por fundamento a diminuta importância do crédito tributário, respectivamente o inciso III do propalado artigo do Diploma Tributário².

13. Contudo, a formalização da medida em ventilo deve ser efetivada, como visto, mediante lei específica, a qual estabeleça todas as condições

² Art. 172. A lei pode autorizar a autoridade administrativa a conceder, por despacho fundamentado, remissão total ou parcial do crédito tributário, atendendo:

[...]

para tanto, acompanhado do competente estudo de impacto orçamentário, conforme exige o art. 14, da LC nº. 101/00³.

14. Outrossim, analisando-se as planilhas que demonstram a simulação por amostragem dos débitos complementares (fls. 10/12, dos autos), resulta incontestemente que a quase integralidade dos créditos correspondem a pequenos valores, aos quais não haveria, nem sequer, o ajuizamento das execuções fiscais, ante a autorização legal concedida pelo art. 1º, da Lei Complementar nº. 141, de 14 de dezembro de 2.018⁴

15. Inobstante tais fatos, é certo que não há a definição pelo CTN do conceito de diminuta importância, cabendo ao legislador municipal assim estabelecer. Contudo, na ausência de outro critério diverso, a fim de permitir a objetividade de eventual futuro projeto de lei que crie a remissão em ventilo, bem como conceda segurança jurídica, propõe-se, somente a título de colaboração, a utilização do valor estabelecido no referenciado art. 1º, da Lei Complementar nº. 141, de 14 de dezembro de 2.018, como parâmetro de diminuta importância, no patamar de 6 (seis) UFGs (Unidades Fiscais do Município), a mesma importância relativa à dispensa de ajuizamento de execuções fiscais que tenham até essa quantia.

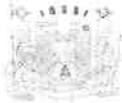

³ Art. 14. A concessão ou ampliação de incentivo ou benefício de natureza tributária da qual decorra renúncia de receita deverá estar acompanhada de estimativa do impacto orçamentário-financeiro no exercício em que deva iniciar sua vigência e nos dois seguintes, atender ao disposto na lei de diretrizes orçamentárias e a pelo menos uma das seguintes condições:

I - demonstração pelo proponente de que a renúncia foi considerada na estimativa de receita da lei orçamentária, na forma do art. 12, e de que não afetará as metas de resultados fiscais previstas no anexo próprio da lei de diretrizes orçamentárias; II - estar acompanhada de medidas de compensação, no período mencionado no *caput*, por meio do aumento de receita, proveniente da elevação de alíquotas, ampliação da base de cálculo, majoração ou criação de tributo ou contribuição.

§ 1º A renúncia compreende anistia, remissão, subsídio, crédito presumido, concessão de isenção em caráter não geral, alteração de alíquota ou modificação de base de cálculo que implique redução discriminada de tributos ou contribuições, e outros benefícios que correspondam a tratamento diferenciado.

⁴ Fica a Procuradoria Geral do Município autorizada a não ajuizar ações ou execuções fiscais de débitos tributários e não tributários de valores consolidados iguais ou inferiores a 6 (seis) UFGs (Unidades Fiscais do Município de Mogi das Cruzes) sendo mantida a inscrição em dívida ativa para fins de cobrança administrativa.

§ 1º O valor consolidado a que se refere o *caput* deste artigo é o resultante da atualização do respectivo débito originário, mais os encargos e os acréscimos legais ou contratuais vencidos até a data da apuração e considerados por inscrição municipal.

16. Entrementes, é importante salientar que tais remissões não acolherão a totalidade do crédito tributário objeto destes autos, uma vez que ante a taxatividade do rol do art. 172, do CTN, somente é possível adequar a situação trazida à baila à hipótese prevista no elenco legal. Concernente aos créditos que não sejam acobertados pela remissão, é imprescindível a efetivação do procedimento de cobrança, enviando-se tais valores para a inscrição em dívida ativa e posterior ajuizamento, por ser obrigação legal, o que fica desde já recomendado.

17. No eito do exposto, observadas as balizadas estabelecidas, reconhece-se a possibilidade jurídica do estabelecimento da remissão, com a elaboração de lei específica para tanto, acompanhada a medida do competente estudo de impacto orçamentário-financeiro, bem como restrita à hipótese disposta no inciso III do art. 172 do CTN, com a remessa dos débitos não inclusos na benesse tributária para a inscrição em dívida ativa e posteriores procedimentos para a cobrança do crédito.

18. Ao Gabinete do Prefeito para ciência e medidas pertinentes.

Ao
Sr. Diretor de Departamento

Trata-se de processo administrativo que trata dos valores relativos ao IPTU Complementar de 2.018.

Após análise do relatório analítico as fls. 23 a 144, constatamos o que já havia sido mencionado no item 14 do Parecer Jurídico Opinitivo (fls. 18), ou seja, boa parte dos créditos correspondem a pequenos valores, aos quais não haveria nem sequer, o ajuizamento das execuções fiscais, ante a autorização legal concedida pelo art. 1º, da Lei Complementar nº 141, de dezembro de 2.018 do Município de Mogi das Cruzes.

“Lei Complementar no 141, de 14 de dezembro de 2.018

...
Art. 1º Fica a Procuradoria Geral do Município autorizada a não ajuizar ações ou execuções fiscais de débitos tributários e não tributários de valores consolidados iguais ou inferiores a 6 (seis) UFMs (Unidades Fiscais do Município de Mogi das Cruzes) sendo mantida a inscrição em dívida ativa para fins de cobrança administrativa.

§1º O valor consolidado a que se refere o caput deste artigo é o resultante da atualização do respectivo débito originário, mais os encargos e os acréscimos legais ou contratuais vencidos até a data da apuração e considerados por inscrição municipal.

...”

No item 15 do Parecer Jurídico Opinitivo (fls. 18), uma vez que não há definição pelo CTN do conceito de diminuta importância, foi sugerido como parâmetro a utilização do valor estabelecido no art. 1º, da Lei Complementar nº 141, de dezembro de 2.018.

Desta forma, uma vez que o valor unitário da UFM para o Exercício 2022 é de R\$ 207,65 (Duzentos e sete Reais e sessenta e cinco centavos), será considerado como de diminuta importância o valor correspondente a 6 UFM, perfazendo, portanto, o montante total de **R\$ 1.245,90** (Um mil, duzentos e quarenta e cinco Reais, e noventa centavos).

Mediante todo exposto, solicitamos providências no sentido de anexar aos autos, relatório analítico contendo somente os valores consolidados (§1º do art. 1º, da Lei Complementar nº 141, de dezembro de 2.018) cujo total não ultrapasse **R\$ 1.245,90** (Um mil, duzentos e quarenta e cinco Reais, e noventa centavos).

O referido relatório deverá conter de forma individualizada, no mínimo, a inscrição, o valor total consolidado, e ao final, o número total de inscrições e o valor total geral consolidado.

Após, favor retornar.

Atenciosamente,

William Harada
Secretário de Finanças

INTERESSADO: SECRETARIA MUNICIPAL DE GOVERNO

Após análise de toda a instrução processual, em especial o Parecer Jurídico Opinitivo as fls. 16 a 18 frente/verso e o relatório analítico as fls. 23 a 144, e considerando a manifestação das autoridades competentes no sentido de prosseguir com o expediente objetivando a **remissão** do IPTU complementar de 2.018, passamos a adotar as providências necessárias para a efetivação do ato.

Inicialmente, ressaltamos que no item 15 do Parecer Jurídico Opinitivo (fls. 18), uma vez que não há definição pelo CTN do conceito de diminuta importância, foi sugerido como parâmetro a utilização do valor estabelecido no art. 1º, da Lei Complementar nº 141, de dezembro de 2.018.

“Lei Complementar nº 141, de 14 de dezembro de 2.018

...
Art. 1º Fica a Procuradoria Geral do Município autorizada a não ajuizar ações ou execuções fiscais de débitos tributários e não tributários de valores consolidados iguais ou inferiores a 6 (seis) UFMs (Unidades Fiscais do Município de Mogi das Cruzes) sendo mantida a inscrição em dívida ativa para fins de cobrança administrativa.

§1º O valor consolidado a que se refere o caput deste artigo é o resultante da atualização do respectivo débito originário, mais os encargos e os acréscimos legais ou contratuais vencidos até a data da apuração e considerados por inscrição municipal.

...”.

Desta forma, considerando que o valor unitário da UFM para o Exercício 2022 é de R\$ 207,65 (Duzentos e sete Reais e sessenta e cinco centavos), definimos como de diminuta importância o valor correspondente a 6 UFMs, perfazendo, portanto, o montante total de **R\$ 1.245,90** (Um mil, duzentos e quarenta e cinco Reais, e noventa centavos).

Portanto, resta claro que a pretendida remissão encontra amparo no disposto no inciso III, art. 172 da Lei nº 5.172 de 25 de outubro de 1.966 (Código Tributário Nacional).

“Lei nº 5.172, de 25 de outubro de 1.966

...
Art. 172. A lei pode autorizar a autoridade administrativa a conceder, por despacho fundamentado, remissão total ou parcial do crédito tributário, atendendo:

...
III – à diminuta importância do crédito tributário;

...”.

No que diz respeito ao estudo de impacto orçamentário-financeiro, cumpre ressaltar que o valor de que trata o art. 1º, da Lei Complementar nº 141, de dezembro de 2.018, corresponde a um montante inferior aos custos de cobrança, sendo esta a razão pela qual foi autorizado na mencionada lei, o não ajuizamento dos valores inferiores a 6 UFMs.

Sendo assim, não é aplicável o estudo do impacto orçamentário-financeiro no que se refere a pretendida remissão, conforme pode-se observar no disposto no inciso II, parágrafo 3º, do art. 14 da Lei Complementar nº 101 de 4 de maio de 2.000 (Lei de Responsabilidade Fiscal).

 <p>PREFEITURA DE MOGI DAS CRUZES</p> <p>SECRETARIA DE FINANÇAS Gabinete do Secretário</p>	PROCESSO Nº 24210	EXERCÍCIO 2021	FOLHA Nº. 200

INTERESSADO: **SECRETARIA MUNICIPAL DE GOVERNO**

"Lei Complementar nº 101, de 4 de maio de 2.000

...

Art. 14. A concessão ou ampliação de incentivo ou benefício de natureza tributária da qual decorra renúncia de receita deverá estar acompanhada de estimativa do impacto orçamentário-financeiro no exercício em que deva iniciar sua vigência e nos dois seguintes, atender ao disposto na lei de diretrizes orçamentárias e a pelo menos uma das seguintes condições:

...

*§1º A renúncia compreende anistia, **remissão**, subsídio, crédito presumido, concessão de isenção em caráter não geral, aplicação de alíquota ou modificação de base de cálculo que implique redução discriminada de tributos ou contribuições, e outros benefícios que correspondam a tratamento diferenciado.*

...

§3º O disposto neste artigo não se aplica:

...

II – ao cancelamento do débito cujo montante seja inferior ao dos respectivos custos de cobrança.

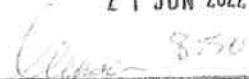

...".

Ainda em relação ao estudo de impacto orçamentário-financeiro, importante frisar que trata-se de crédito cujo lançamento não ocorreu no momento oportuno, e que portanto não foi constituído, motivo pela qual a receita decorrente do IPTU Complementar 2018 não foi prevista no Plano Plurianual 2022-2025 nem nas respectivas Leis de Diretrizes Orçamentárias e Leis Orçamentárias Anuais que compreendem o período.

Mediante todo o exposto, submetemos o expediente para a devida análise e demais providências no sentido de que seja elaborada Minuta de Projeto de Lei objetivando a remissão no que se refere ao IPTU Complementar 2018, compreendendo o crédito cujo valor total consolidado é de **R\$ 14.881.481,60** (Quatorze milhões, oitocentos e oitenta e um mil, quatrocentos e oitenta e um Reais, e sessenta centavos), correspondente a **27.325** (Vinte e sete mil, trezentos e vinte e cinco) inscrições com fulcro no inciso III, art. 172 da Lei nº 5.172 de 25 de outubro de 1.966 (Código Tributário Nacional).

Após ciência, considerando que o presente não contempla os lançamentos complementares / retroativos para o exercício de 2018, sugerimos a seguinte complementação no texto do Art.1º da Minuta apresentada às fls. 201:

Trata-se de procedimento de interesse do Departamento de Rendas Imobiliárias, comunicando a necessidade do lançamento complementar do IPTU do exercício de 2.018, em virtude do levantamento aerofotogramétrico de 2016, que identificou as diferenças de área construída dos imóveis no perímetro urbano do Município.

Verificou-se a necessidade de lançamento complementar do imposto destacado, pois ao se realizar um novo procedimento de lançamento, tendo em vista as legislações em vigor, promoveu-se tal trâmite sem a efetivação da base atualizada, isto é, sem as diferenças de área construída apuradas no recadastramento, o que gerou um crédito supletivo de R\$ 31.313.410,77 (trinta e um milhões, trezentos e treze mil e quatrocentos e dez reais e setenta e sete centavos), conforme apontado à fl. 13, dos autos.

Ao se remeter o processo administrativo ao exame da Secretaria de Finanças, sugeriu a Pasta a adoção do instituto da remissão para a extinção desse passivo tributário, no que houve a concordância do Sr. Prefeito, motivando o envio destes autos

Após o trâmite do expediente, verifica-se que se elaborou a minuta do projeto de lei que concede a propalada isenção, como se verifica à fl. 201, razão pela qual o procedimento foi remetido a esta Procuradoria para a análise da referida minuta.

Inicialmente salienta-se que a presente manifestação toma por base, exclusivamente, os elementos constantes nos autos até a presente data e que, em face do que dispõe o art. 131, da Constituição Federal de 1988, simetricamente aplicado no âmbito municipal, incumbe ao infra-assinado prestar consultoria sob o prisma estritamente jurídico, sem adentrar, portanto, na análise da **conveniência e oportunidade** dos atos praticados pela Administração Municipal.

A Magna Carta em seu art. 30 estabeleceu a competência legislativa municipal:

"Art. 30. Compete aos Municípios:

- I - legislar sobre assuntos de interesse local;*
- II - suplementar a legislação federal e a estadual no que couber;*
- III - instituir e arrecadar os tributos de sua competência, bem como aplicar suas rendas, sem prejuízo da obrigatoriedade de prestar contas e publicar balancetes nos prazos fixados em lei;*
- IV - criar, organizar e suprimir distritos, observada a legislação estadual;*
- V - organizar e prestar, diretamente ou sob regime de concessão ou permissão, os serviços públicos de interesse local, incluído o de transporte coletivo, que tem caráter essencial*
- VI - manter, com a cooperação técnica e financeira da União e do Estado, programas de educação infantil e de ensino fundamental; (Redação dada pela Emenda Constitucional nº 53, de 2006)*
- VII - prestar, com a cooperação técnica e financeira da União e do Estado, serviços de atendimento à saúde da população;*
- VIII - promover, no que couber, adequado ordenamento territorial, mediante planejamento e controle do uso, do parcelamento e da ocupação do solo urbano;*
- IX - promover a proteção do patrimônio histórico-cultural local, observada a legislação e a ação fiscalizadora federal e estadual" (g.n.).*

Bem se vê que o parâmetro utilizado pela Lei Maior para conferir a constitucionalidade do objeto da norma a que se visa promulgar reside na **competência privativa de instituir e arrecadar os tributos que lhe incumbe constitucionalmente**. Constitucional, portanto, o objeto da norma.

De outra maneira, observando-se a iniciativa do projeto de lei, não se verifica, salvo juízo contrário, a hipótese de exclusividade da Casa Legislativa na propositura da norma, incidindo

“ARTIGO 80 - A iniciativa das leis complementares e ordinárias cabe ao Prefeito, a qualquer membro ou Comissão da Câmara e aos cidadãos, observado o disposto nesta lei” (g.n.).

Pertinente à análise material dos dispositivos da minuta, não se vislumbram questões técnico-jurídico tributárias afetas a esta Procuradoria, tratando-se única e exclusivamente de regulamentação dirigida pela discricionariedade da Administração.

De iniciativa legislativa do **Prefeito Municipal**, a proposta em estudo autoriza o Poder Executivo a conceder remissão do Imposto sobre a Propriedade Predial e Territorial Urbana – IPTU complementar do exercício de 2018, considerados como de diminuta importância do crédito tributário.

Conforme verificamos na justificativa da proposta legislativa, baseada no processamento do Processo Administrativo nº 24210/2021, o projeto de lei tem por finalidade que o Poder Executivo fique autorizado a conceder remissão do Imposto sobre a Propriedade Predial e Territorial Urbana – IPTU decorrentes de lançamentos complementares do exercício de 2018, realizados em virtude da apuração de ofício, por meio do recadastramento aerofotogramétrico realizado pela Empresa Geodados em 2016, relativos a divergências entre a área construída declarada e a efetivamente existente em imóveis localizados neste Município; sendo que, a remissão não implica na restituição de quaisquer valores que tenham sido pagos regularmente e, o benefício será concedido ao imóvel cujo valor a recolher a título de IPTU complementar do exercício de 2018 seja igual ou inferior ao valor equivalente a 6 UFM's (seis Unidades Fiscais do Município de Mogi das Cruzes, tendo por fundamento a diminuta importância do crédito tributário, conforme disposto no artigo 172, III, da Lei Federal nº 5.172, de 25 de outubro de 1966 (Código Tributário Nacional).

Assim, analisando o Projeto de Lei Complementar, nos aspectos e peculiaridades atinentes a estas Comissões, opinamos por sua **NORMAL TRAMITAÇÃO**.

Senhor Prefeito,

Ao tempo em que cumprimentamos Vossa Excelência servimo-nos do presente para informar e requerer o que segue.

Na Sessão Ordinária do dia 07 de dezembro de 2022, foi aprovado, por unanimidade, o Projeto de Lei Complementar nº 03/2022, o qual confere nova redação ao artigo 2º da Lei Complementar nº 141, de 14 de dezembro de 2018, com a finalidade de que a Procuradoria-Geral do Município fique autorizada também a desistir das execuções fiscais de débitos tributários ou não tributários, ajuizadas há mais de 7 (sete) anos, contados da data em que for realizado o respectivo pedido de desistência nos termos deste artigo e cujo valor atualizado do débito executado seja igual ou inferior a **40,26 (quarenta inteiros e vinte e seis centésimos) UFMs (Unidades Fiscais do Município de Mogi das Cruzes)** vigentes na data da realização do pedido de desistência.

Por outro lado, encontra-se em tramitação nesta Casa legislativa, o Projeto de Lei Complementar nº 09/2022, o autoria o Poder Executivo a **conceder remissão do Imposto sobre a Propriedade Predial e Territorial Urbana – IPTU, decorrentes de lançamentos complementares do exercício de 2018**, realizados em virtude da apuração de ofício, por meio do recadastramento aerofotogramétrico realizado pela Empresa Geodadas em 2016, relativos a divergências entre a área construída declarada e a efetivamente existentes em imóveis localizados neste Município, cujo valor seja igual ou inferior ao valor equivalente a **6 UFMs (seis Unidades Fiscais do Município de Mogi das Cruzes)**, tendo por fundamento a diminuta importância do crédito tributário.

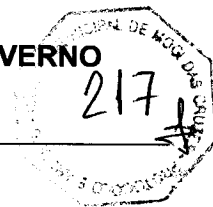

Portanto, o entendimento desta Comissão é no sentido de que a previsão de remissão do IPTU complementar do exercício de 2018, pretendida no Projeto de Lei Complementar nº 09/2022, passe dos atuais 6 UFMs (seis Unidades Fiscais do Município de Mogi das Cruzes), constante do texto legal, para o valor de 40,26 (quarenta inteiros e vinte e seis centésimos) UFMs (Unidades Fiscais do Município de Mogi das Cruzes), em consonância com o aprovado na Lei Complementar nº 03/2022. Aliás, referido entendimento vêm corroborar o entendimento do Procurador-Chefe da Procuradoria de Assuntos Fiscais e Tributários do Município, no item 15 do parecer emanado no Processo Administrativo nº 24210/2021, constante às fls. 21 dos autos do presente projeto de lei complementar.

Portanto, a Comissão Permanente de Justiça e Redação pretende apresentar emenda no sentido de alterar a previsão da remissão, passando dos atuais 6 UFMs para 40,26 UFMs; razão pela qual, requeremos a Vossa Excelência as providências necessárias no sentido de determinar à Secretaria competente da Municipalidade, que realize o estudo de impacto orçamentário para o novo valor pretendido.

Sr. Chefe de Gabinete do Prefeito

Trata-se de processo administrativo instaurado pela Sra. Presidente da Comissão Permanente de Justiça e Redação da Câmara Municipal de Mogi das Cruzes, que requer a realização de estudo da estimativa do impacto orçamentário-financeiro nos termos das fls 2.

Considerando que está sendo respeitado exatamente o mesmo critério adotado no que diz respeito ao Processo Administrativo nº 24210/2021, esta Secretaria Municipal de Finanças mantém a mesma postura ora adotada no âmbito de suas atribuições.

Desta forma, considerando que o valor unitário da UFM (Unidade Fiscal do Município) para o Exercício 2022 é de R\$ 207,65 (Duzentos e sete Reais e sessenta e cinco centavos), e que estará sendo considerado como de diminuta importância o valor correspondente a 40,26 UFM's, a pretendida remissão alcançará os valores do Imposto sobre a Propriedade Predial e Territorial Urbana - IPTU, decorrentes de lançamentos complementares do Exercício de 2018, até o montante total de **R\$ 8.359,99** (Oito mil, trezentos e cinquenta e nove Reais, e noventa e nove centavos).

No que diz respeito ao estudo da estimativa do impacto orçamentário-financeiro, cumpre ressaltar que 40,26 UFM's, corresponde a um valor inferior aos custos de cobrança, sendo esta a razão pela qual não ocorrerá, no Município de Mogi das Cruzes, o ajuizamento de valores inferiores ao referido montante.

Portanto, sendo considerado o montante de 40,26 UFM's como crédito de diminuta importância, resta claro que a pretendida remissão encontra amparo no disposto no inciso III, art. 172 da Lei nº 5.172 de 25 de outubro de 1.966 (Código Tributário Nacional).

"Lei nº 5.172, de 25 de outubro de 1.966

...

Art. 172. A lei pode autorizar a autoridade administrativa a conceder, por despacho fundamentado, remissão total ou parcial do crédito tributário, atendendo:

...

III - à diminuta importância do crédito tributário;

...".

Sendo assim, não é aplicável o estudo da estimativa do impacto orçamentário-financeiro no que se refere a pretendida remissão, conforme pode-se observar no disposto no inciso II, parágrafo 3º, do art. 14 da Lei Complementar nº 101 de 4 de maio de 2.000 (Lei de Responsabilidade Fiscal).

"Lei Complementar nº 101, de 4 de maio de 2.000

...

Art. 14. A concessão ou ampliação de incentivo ou benefício de natureza tributária da qual decorra renúncia de receita deverá estar acompanhada de estimativa do impacto orçamentário-financeiro no exercício em que deva iniciar sua vigência e nos dois seguintes, atender ao disposto na lei de diretrizes orçamentárias e a pelo menos uma das seguintes condições:

Ainda em relação ao estudo do impacto orçamentário-financeiro, importante frisar que trata-se de crédito cujo lançamento não ocorreu no momento oportuno, e que portanto não foi constituído, motivo pela qual a receita decorrente do Imposto sobre a Propriedade Predial e Territorial Urbana - IPTU, decorrentes de lançamentos complementares do Exercício de 2018 não foi prevista no Plano Plurianual 2022-2025 nem nas respectivas Leis de Diretrizes Orçamentárias e Leis Orçamentárias Anuais que compreendem o período.

Em relação ao Imposto sobre a Propriedade Predial e Territorial Urbana - IPTU, decorrentes de lançamentos complementares do Exercício de 2018, conforme informação fornecida pelo setor competente da Prefeitura Municipal de Mogi das Cruzes as fls.4, compreende um total de 34.220 inscrições, perfazendo um montante total atualizado de R\$ 34.163.629,22 (Trinta e quatro milhões, cento e sessenta e três mil, seiscentos e vinte e nove Reais, e vinte e dois centavos), sendo que 34.046 inscrições serão beneficiadas pela pretendida remissão, corresponde a um valor de R\$ 31.060.821,94 (Trinta e um milhões, sessenta mil, oitocentos e vinte e um Reais, e noventa e quatro centavos).

A pretendida remissão não alcançará 174 inscrições, cujo valor total atualizado a ser lançado será de R\$ 3.102.807,28 (Três milhões, cento e dois mil, oitocentos e sete Reais, e vinte e oito centavos), ressaltando que segue as fls. 5 a 8, relatório oficial emitido pelo setor competente da Prefeitura Municipal de Mogi das Cruzes contendo as respectivas inscrições e valores individualizados.

Mediante todo o exposto, submetemos o expediente para a devida análise e demais providências, nos colocando a disposição para quaisquer esclarecimentos que se façam necessários.

EMENDA AO PROJETO DE LEI COMPLEMENTAR nº 09 / 2022

Colendo Plenário,

Encontra-se em tramitação nesta Casa legislativa, o Projeto de Lei Complementar nº 09/2022, o autoria o Poder Executivo a **conceder remissão do Imposto sobre a Propriedade Predial e Territorial Urbana – IPTU, decorrentes de lançamentos complementares do exercício de 2018**, realizados em virtude da apuração de ofício, por meio do recadastramento aerofotogramétrico realizado pela Empresa Geodadas em 2016, relativos a divergências entre a área construída declarada e a efetivamente existentes em imóveis localizados neste Município, cujo valor seja igual ou inferior ao valor equivalente a **6 UFMs (seis Unidades Fiscais do Município de Mogi das Cruzes)**, tendo por fundamento a diminuta importância do crédito tributário; cujo parecer conjunto das Comissões de Justiça e Redação e de Finanças e Orçamento foi exarado em data de 29 de novembro de 2022.

Na Sessão Ordinária do dia 07 de dezembro de 2022, foi aprovado, por unanimidade, o Projeto de Lei Complementar nº 03/2022, o qual confere nova redação ao artigo 2º da Lei Complementar nº 141, de 14 de dezembro de 2018, com a finalidade de que a Procuradoria-Geral do Município fique autorizada também a desistir das execuções fiscais de débitos tributários ou não tributários, ajuizadas há mais de 7 (sete) anos, contados da data em que for realizado o respectivo pedido de desistência nos termos deste artigo e cujo valor atualizado do débito executado seja igual ou inferior a **40,26 (quarenta inteiros e vinte e seis centésimos) UFMs (Unidades Fiscais do Município de Mogi das Cruzes)** vigentes na data da realização do pedido de desistência.

Assim, o entendimento é no sentido de que a previsão de remissão do IPTU complementar do exercício de 2018, pretendida no Projeto de Lei Complementar nº 09/2022, passe dos atuais 6 UFMs (seis Unidades Fiscais do Município de Mogi das Cruzes), constante do texto legal, para o valor de 40,26 (quarenta inteiros e vinte e seis centésimos) UFMs (Unidades Fiscais do Município de Mogi das Cruzes), em consonância com o aprovado na Lei Complementar nº 03/2022. Sendo, aliás, que referido entendimento vêm corroborar o entendimento do Procurador-Chefe da Procuradoria de Assuntos Fiscais e Tributários do Município, no item 15 do parecer emanado no Processo Administrativo nº 24210/2021, constante às fls. 21 dos autos do presente projeto de lei complementar.

Portanto, a Comissão Permanente de Justiça e Redação, por sua Presidente, remeteu ofício ao Senhor Prefeito Municipal requerendo as providências necessárias no sentido de determinar à Secretaria competente da Municipalidade, que realize o estudo de impacto orçamentário para o novo valor pretendido; com a finalidade de apresentar emenda no sentido de alterar a previsão da remissão, passando dos atuais 6 UFMs para 40,26 UFMs. Sendo assim, encaminhamos à apreciação de Vossas Excelências a seguinte EMENDA:

JUSTIFICATIVA:

A presente propositura tem como objetivo aprimorar a proposta do excelentíssimo Sr. Prefeito, Caio Machado da Cunha, em seu PLC 09/22, que dispõe sobre a fmissão sobre a Propriedade Territorial. Ocorre que o Artigo 2º permite a cobrança de valores superiores a 6 UFM no IPTU no exercício de 2018, entretanto é de comum acordo entre os entes desta edilidade que a metodologia de aferição via aerofotogrametria gerou erros e revolta popular. Tendo em vista que o assunto não está pacificado e tão pouco foi debatido entre membros da sociedade civil, sugerimos as emendas supressivas aqui apresentadas.

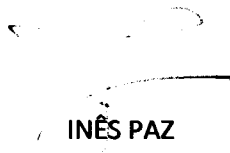

PRIMEIRA EMENDA SUPRESSIVA:

Suprime-se o parágrafo 2º do Artigo 1º do Projeto de Lei Complementar nº09/2022.

SEGUNDA EMENDA SUPRESSIVA:

Suprime-se o artigo 2º do Projeto de Lei Complementar nº09/2022.
